

Sweet Little Girl

Sweet little girl with her hands in the air,
not a care as she moves here and there.
Back and forth to the sea, come along she says to me,
watch the colors taking shape as she stares.

Hold on no, no, you can't go, you can't go,
hold sing along, yeah sing with me.
She says, hold on no, no, you can't go, you can't go.
Back and forth the sun inside of me.

I like the way you stand alone, just picking at your hair,
moving to your beat without a care.
I've been looking back for way to long so focused on their stares
I'm starting to be free and feel the air, yeah feel the air, alone so I sing

Lou, Lou, Lou, You sing La, La, La,
I sing Lou, Lou, Lou, Lou...
I sing Lou, Lou, Lou, You sing La, La, La,
When hope is in your heart then you'll be great

This simple song, she carries on, her merry little way,
Making friends, yeah making lemonade
We're dreaming of a future where the summer always stays
We're making songs at sunset that we play, that we play, alone so I sing

Lou, Lou, Lou, You sing La, La, La,
I sing Lou, Lou, Lou, Lou...
I sing Lou, Lou, Lou, You sing La, La, La,
When hope is in your heart then you'll be great

A holy a high, a silly course to match us up, a crazy force we'll make it
I hope to find, I hope you stay, I hope so long it makes me care to make it
Low I'll miss you, every time it's cold and I'm away
Low I'll miss you, every time today oh yeah we'll make it

(Twice) I sing Lou, Lou, Lou, You sing La, La, La,
I sing Lou, Lou, Lou, Lou...
I sing Lou, Lou, Lou, You sing La, La, La,
When hope is in your heart then you'll be great
